Sir,

In applying for a conveyance allowance for a motor car I have the honour to state that a motor car is a necessity for the Health Officer of this Municipality.

In these days rapid transport is a necessity and hence the Health officers have to maintain a motor cycle or a car. Motor cycle though cheaper is not suitable in the municipality where the monsoons are so very severe.

A motor cycle does not give protection from rain and sun. In my rounds, I find that it is necessary to take the Sanitary Inspector, maistry etc., with me.

If I should go in my motor cycle they cannot follow me and I have to waste much of my time.

Further I find that in this municipality the councillors take a keen interest in the Public Health questions and desire joint inspections with me every now and then.

For such inspections Motor Car is of great advantage.

Hence I request that a car allowance be given.

Ist Class Health Officers who maintain motor cycles are given in many municipalities a sum of Rs.50/- a month. I was paid Rs.50 a month at Ootacamund when I was Health Officer there. Health Officer, Bellary, a smaller station than this is being

paid Rs.50 for his motor cycle as conveyance allowance.

The Health Officer of Bangalore Cantonment is -- being paid Rs.100 as his car allowance.

I need not say to you, that the petrol and oil - are not the only expences but that the annual bills to replace the wear tear costs an equal amount if not more. Taking all expenses into account, it costs me much more than 100 rupees a month.

So I request that an allowance of Rs.100 a month be paid to me from 15th May 1929 the date from which I have been using the car for my work.

I have etc.
